

Stage Driver Killed on His First Trip

BALLINGER, Nov. 1—Jack Edmundson, driver for a bus line between here and San Antonio, was killed near here last night and four passengers were slightly injured when the automobile turned over. Bright lights of another car caused Edmundson to lose control of his car and go in the ditch.

The automobile was destroyed by fire.

Edmundson had been working in the office of the company at San Antonio and was making his first trip as a driver. Mrs. Josie Eilson of Goldthwaite, mother of the deceased, arrived here this morning.
